Technology Director

About Us

Bishop-Wisecarver Group (BWG) manufactures and builds linear and rotary motion solutions, custom complex assemblies, and optimal embedded intelligence systems. **BWG is located in Pittsburg, California** and is seeking a **Technology Director** to create "magic" across the organization through technology.

BWG is expanding and we are looking for individuals that can thrive in a fast-paced, high-energy environment with a **positive can-do attitude, high integrity and extraordinary leadership skills.**

The ideal candidate is a "player-coach," responsible for setting and advising the strategic direction of technology to accomplish our business goals.

RESPONSIBILITIES

- Digital Plumbing Infrastructure
- Information Architecture; Frictionless Information Flow/Access
- Application Systems Management
- Database Management
- IT Client Services Support

LEADERSHIP/CULTURAL REQUIREMENTS

- Resourceful, figure-it-out-and-get-it-done mentality with a track record of creating successful technology organizations without the resources and reputation of a large entity
- Passionate about coaching and training the team. Effective at setting, evaluating & inspiring individual and team goals that develop technology people to promote culture through results
- Proven collaborator; able to leverage individual strengths to provide value to the entire team
